INTRODUCTORY.

In submitting to the public the eighth volume of the AKRON CITY DIRECTORY, and the second including a Directory of Summit County, the publisher feels confident that it will be received with as much favor as has been accorded to the previous issues

The present volume contains, in the alphabetical portion of the work, 11 363 names, an increase since the last issue of 718

After making a liberal deduction to allow for the duplication of firm names, etc , we find that, calculating by our usual method, viz , adopting the multiple 3, Akron has at the present time a population of fully 34,089 These apparently large figures are accounted for thus In making the annual canvass we do not confine ourselves to the corporate limits of the city, as is the custom of directory publishers in other cities, but include the entire suburbs, which contain not only a number of manufacturing industries, but the residences of a large number who work at the various shops in the city, and whom we consider ourselves justified in counting as part of Akron's population In conclusion, we congratulate our fellow-citizens on the continued prosperity of the city, which is everywhere evidenced by the number of new enterprises which have been started within the last year, and the continued activity in building operations We are contented to let the volume rest on its merits, and take this opportunity of returning thanks for the very liberal patronage bestowed upon the work.

Hotel Buchtel, Akron, O.

THE MODEL HOTEL OF OHIO OPENED MARCH 17, 1884.

Hydraulic Passenger Elevator and Steam Baggage Elevator Incandescent Electric Light, Electric Fire Alarm and Call Bells to and from all rooms Closets and rooms with bath on every floor Rates Fifty rooms, $2 00 per day, fifty rooms, $2 50 per day

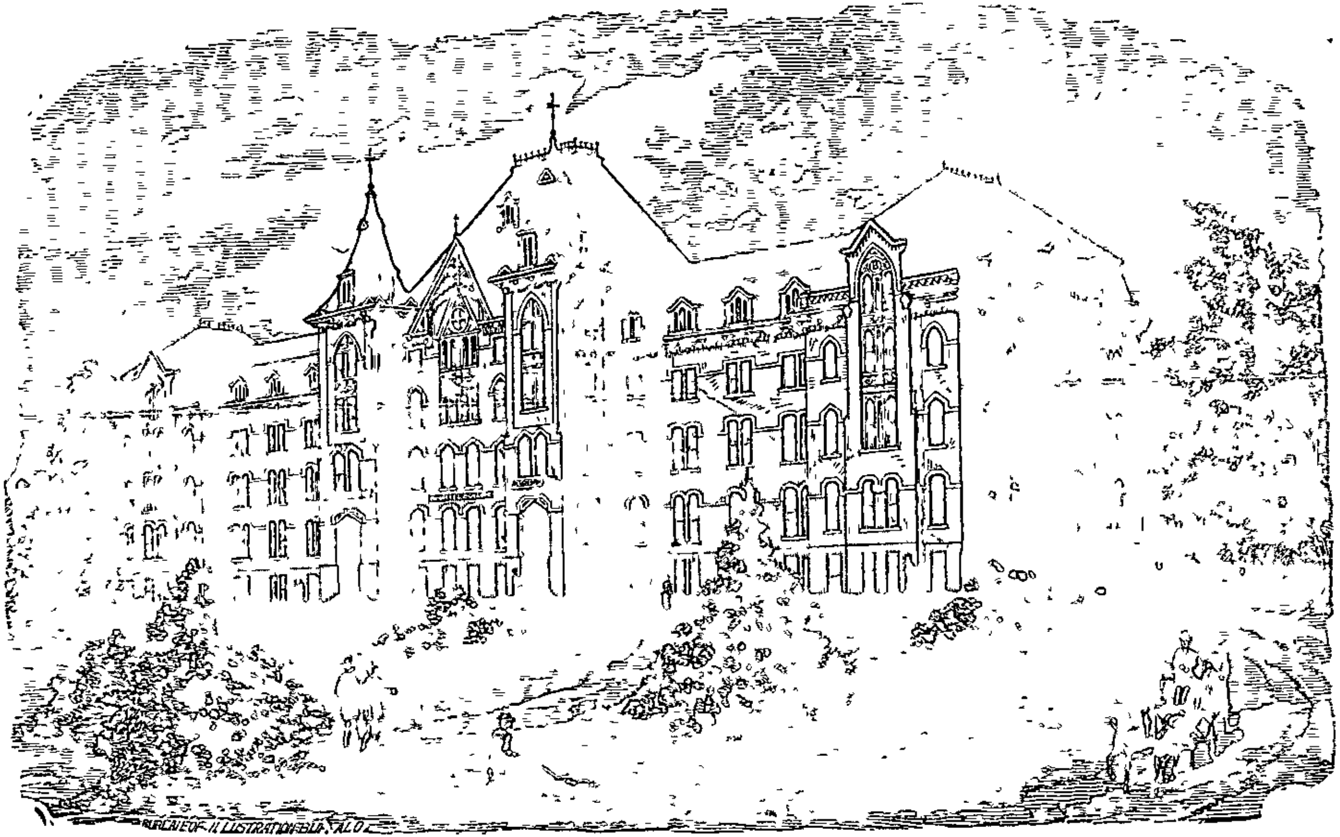

L. S. AILES, Proprietor.

THE hotel accommodations of Akron had long been a disgrace to the city The old hotel buildings were no better than barns, and the owners refused to spend a dollar in improvements Mr William Buchtel believing that a new hotel was a necessity, has erected a building which is a model of beauty and convenience The hotel is being conducted by Mr L S Ailes in a most satisfactory manner, and at most reasonable prices, giving equal or better accommodations for the money than can be found at any other hotel in the State No sooner was the BUCHTEL fairly opened that every old hotel in the city commenced a vigorous war on the new hotel The traveling public have no thanks to render the owners of the old hotels for their recent improvements, for they would have made no improvements had they not been compelled to do so therefore, the traveling public should give the HOTEL BUCHTEL their hearty support and influence

The story of Picturesque Mackinac has caused thousands of strangers to visit our northern lakes.

Its truthful pictures, by both pen and pencil, excite wonder and admiration A copy bound in a flexible silk cover, embossed in gold, will be mailed by the author on receipt of 25 cents.

MACKINAC ISLAND, the rock girt, fairy isle, sitting like an emerald gem in the clear, pellucid wave, rises gradually and majestically from the crystal waters, which cover but cannot conceal the glistening, white pebbly depths beneath It is the central point of the three great lakes It knows no land breeze, hence the winds are always cool and refreshing, and seem incessantly tossing balls at each other They no sooner cease blowing from Lake Michigan than they come from Lake Huron, and Lake Superior is never behind in the contest Mackinac Island contains two thousand two hundred and twenty-one acres, of which the national park comprises eight hundred and twenty-one, and the military reservation one hundred and three acres The natural scenery is unsurpassed Nature seems to have exhausted herself in the manifold objects of interest which meet the eye in every direction. The lover of Mother Earth will hardly grow weary of wandering through its shaded glens, and climbing over its rugged rocks, each day bringing to light some new object of beauty and interest Longfellow, in his poem of "Hiawatha" has put into English verse some of its wild Indian legends, which people every rock and glen with spectral habitants. Hiawatha is the Mena-bosho of the Algonquins, and the Island of Mackinac was considered his birthplace

If the poetic muses are ever to have a new Parnassus in America, they should certainly fix on Mackinac Island Hygeia, too, should place her temple here, for it is one of the purest, dryest, clearest and most healthful of atmospheres The Island shows unmistakable evidence of the water having once been two hundred and fifty feet above its present line It is a mooted question whether the lake has fallen from its original level, or the island has, from some cause, been lifted up Springs of water, clear and cold, may be found at the base of the high cliffs, and scattered through other localities

Mackinac village is a perfect curiosity in itself Situated at the foot of the bluff, upon the brow of which stands the fort, it extends for a distance of a mile along the beach The buildings are a mixture of the modern and antique, some of which were brought from Old Mackinaw when the town and fort were removed from that point after the massacre of June 4, 1763 Many of the fences are of the original palisade style.

Schoolcraft, who visited it in 1820, says "Nothing can exceed the beauty of this island." It is a mass of calcareous rock, rising from the bed of Lake Huron, and reaching a height of more than three hundred feet above the water Some of its cliffs shoot up perpendicularly, and tower in pinnacles like half ruined gothic steeples It is cavernous in some places, and in these caverns the ancient Indians were wont to place their dead Portions of the beach are level, and well adapted to landing from boats The harbor at the south end is a little gem. In it, vessels can anchor and be sure of a holding, and around it, the little old fashioned French town nestles in primitive style, while above frowns the fort, its white walls gleaming in the sun The whole area of the island is one labyrinth of curious glens and valleys. Old fields appear in spots which were formerly cultivated by Indians In some of them are circles of gathered stones, as if the Druids themselves had dwelt there The soil, though rough, is fertile The Island was formerly covered with a dense growth of rock maple, oak, iron wood, etc , and there are still parts of this ancient forest left, but all the southern limits exhibit a young growth There are walks and winding paths of the most romantic character among its hills and precipices From the eminences overlooking the lake can be seen magnificent views of almost illimitable extent.

From "PICTURESQUE MACKINAC," published and sold by the author.

The late Dr Drake says "The island is the last, and, of the whole, the most important summer resort to which we can direct the attention of the infirm or the fashionable The living streams of pure water, cooled down to the temperature of 44°, gush from the lime rock precipices, and an atmosphere never sultry or malarious, supersedes all necessity for nauseating iron, sulphur and epsom salts As a health resort it is unsurpassed Its cool air and pure water are just what are needed to bring back the glow of health to the faded cheek, and send the warm currents of life dancing through the system with youthful vigor ' Its natural beauties and historic associations, together with the innumerable lesser attractions which cluster round about, serve to furnish visitors with so much entertainment and variety for either the robust or weakly ones, that ennui which eventually is felt at most resorts need not be experienced here In Mackinac you eat with a new relish, and sleep like a child You row, or ramble, scarcely able to keep your buoyancy within bounds Dr Mills, once post surgeon at Mackinac, says "No better place can be found for sickly girls and puny boys, for worn out men and women, whether from overworked brain or muscle, or for those inclined to hypochondria A change from the tiresome sameness of home scenes cannot fail to benefit all From the hour of entering Lake Huron, your feelings will indicate that you have passed beyond the reign of miasma, fever, dyspepsia, blue devils and duns, and you look back upon the whole of them with gay indifference, or a feeling of good-natured contempt, as every turn of the steamer's wheel carries you farther into the temperate and genial climate of the lakes, and away from your perplexities Under these influences *real diseases may abate, and the imaginary ones be forgotten In the celebrated white* fish (classical name, coregonus albus, signifying food of the nymphs), is found a native whose acquaintance is liable to but one objection, that of destroying the taste for any other fish, and which, with the trout and potatoes of the island render all foreign delicacies superfluous We would caution the gourmand, however, against an excessive use of trout, which are said to produce drowsiness, for those who visit Mackinac should be wide awake, lest some scene of interest should pass unobserved

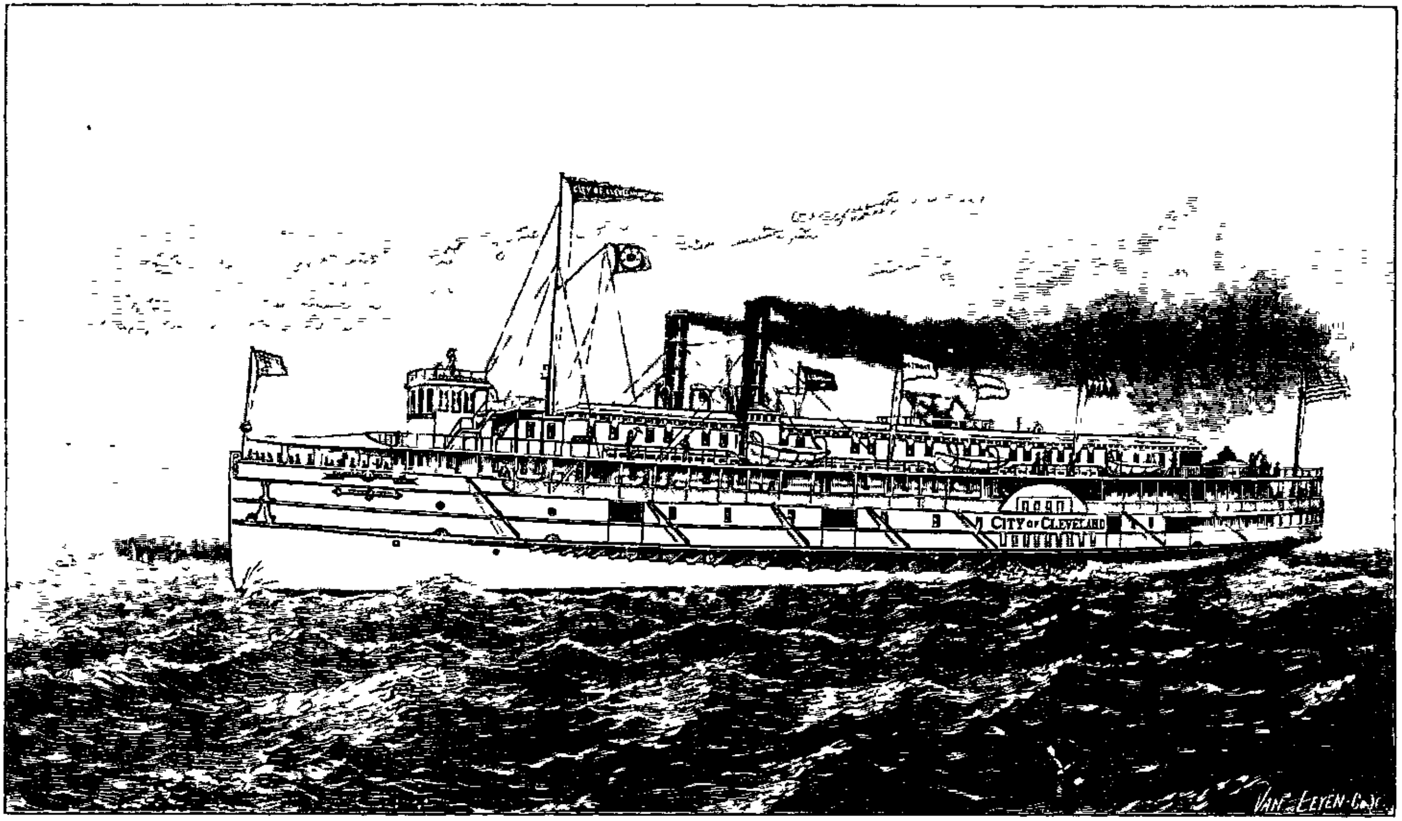

Besides the agreeable change of climate on reaching Mackinac, there is the new sensation to one who has not before enjoyed the novelty of an insular life, of having found an island retreat To his jaded sensibilities all around him is fresh, a feeling of security comes over him, and when, from the rocky battlements of the fort, he looks down on the surrounding waters, they seem a bulwark of defense against the host of annoyances from which he has sought a refuge Thus the curative state of mind begins to act on the body from the first moment, and this salutary mental excitement will not soon die away, for the historic associations, not less than the surrounding scenery, are well fitted to maintain it, and to make the invalid forget his ailments Dr Mann says, "A few whiffs of the air would make your lungs give a hygienic laugh. This air must have been left clear out of Eden, and did not get cursed Children are crazy with animal spirits, and eat in such a way as to demonstrate the paradox that the quantity contained may be greater than the container" These extracts will no doubt meet with a hearty response from thousands who have visited Mackinac

At watering-places generally, all the features of the surrounding scenery are soon familiarized to the eye, which then merely wanders over the commingled throngs of coquettes, dandies, dancers and *idlers, and soon returns to inspect the real or fancied in* firmities of its possessor A visit to Mackinac reverses all this The attractions of the surrounding region are of a different and more wholesome kind, and draw to them those who seek health and recreation, and offer a delightful hot weather asylum to all who need to escape from crowded cities or a sultry climate Besides this, the voyage imparts a pleasing excitement to the faculty of observation, curiosity is stirred up to the highest pitch, and pleasantly gratified by the hourly unfolding of fresh scenes of nature, some new blending of land and water, a group of islands different from the last, or a shifting series of painted clouds seen in the kaleidoscope of heaven afford constant variety, while the frequent trips of the Detroit and Cleveland Steam Navigation Company s steamers enable you to return as soon as desired

Constance Fennimore Woolson knew the charm of the place when she made it the scene of so many romances, among them being the novel "Anne," and the short sketches, "Flower of the Snows," "The Old Agency," "Jeannette," and "Fairy Island "

The beauties of our own country rival those of the *Old World.*

O. S. WARNER, 208.

This sign hangs across the sidewalk on West Market Street, a stone's throw from the corner of Market and Howard streets, in front of a store where is the only

Large, Well Selected and Reliable Stock of

Garden, Field and Flower Seeds,

IN THE CITY

Our business in the Seed and Plant Department was opened in the Spring of 187- and has largely increased every succeeding year from the general satisfaction which our goods have given until now, the common answer to the question, "Where shall I get Seeds or Plants ?" asked by a new comer, is

"GO TO WARNER."

SEEDS. **THE AKRON SEED STORE** is now generally known in the city and surrounding country as the best place to buy **GARDEN, FLOWER and FIELD SEEDS.** In Field Seeds we make a specialty of Seed Corn and Seed Potatoes During the coming Autumn we shall offer superior SEED WHEAT

PLANTS. **THE AKRON SEED STORE** has also an established reputation for supplying superior

VEGETABLE AND BEDDING PLANTS,

and furnishes yearly many thousands of Sweet Potato, Early and Late Cabbage Tomato, Pepper, Cauliflower and Celery Plants, as well as large numbers of Geraniums, Coleus, Fuchsias, Verbenas Roses and other Plants for house and lawn, Spring and Fall Planting Bulbs, and quantities of Strawberry and Raspberry Plants

FRUIT. Beginning with Strawberries, the first ripe fruit, we shall handle the finest **Home-Grown Fruit,** and our endeavor will be to gain as good a reputation for having the best in the market, as in our Seed and Plant Departments

VEGETABLES. **In Home-Grown Vegetables,** we solicit the patronage of those who consider quality more important than mere size

Grateful for the liberal patronage extended to our Seed Enterprise, we trust that our Fruit and Vegetable Departure shall deserve and receive a liberal patronage.

Respectfully,

Coventry Township.

Town 1, Range 11, is bounded, on the north by the city of Akron and Portage Township, on the east by Springfield, south by Green and Franklin, and west by Norton Township There are numerous small lakes in the Township, the principal one being Summit Lake, through which the Ohio Canal runs A remarkable feature of this lake is that while there is no visible inlet, there are outlets at each end, the northern emptying into the Gulf of St Lawrence, while the Southern passes to the Gulf of Mexico Vast beds of bituminous coal are

everywhere found, particularly at Thomastown At New Portage are located the works of the Portage Strawboard Co, one of the most extensive in the country The New York, Pennsylvania & Ohio, and the Cleveland, Mt Vernon & Delaware railroads both run through the Township, which has an area of taxable lands of 17,046 acres First settled in 1806

Twinsburgh Township.

Town 5, range 10, was named after twin brothers, Aaron and Moses Wilcox, of whom it is recorded that in early life they so resembled each other that few could tell them apart They married twin sisters, had an equal number of children, held all their property in common, looked alike, thought alike, wrote alike, were taken sick on the same day, with the same disease, died the same day, and were buried in the same grave The Township is bounded on the north and east by the lines of Cuyahoga and Portage Counties, respectively, south by Hudson, and west by Northfield The Connotton Valley Railway runs through, and has a depot at Twinsburgh, the only village of note in the Township It is particularly adapted to grazing and excels in its cattle, butter and cheese Taxable area, 15,915 acres
